CITY OF BREA ART Gallery

2013 Painting Workshops for Adults

Each of these workshops consists of a three-day series of oil painting classes that take place in the Gallery on three consecutive Tuesday or Thursday evenings. All materials, supplies, and canvas are included in the registration fee, all you have to do is show up and enjoy being creative! The oil paints used in the workshops are water mixable and non-toxic, making them safe and easy to use. Each workshop is different and you get to choose what you will be painting from a variety of available photographs. All projects are oil painting on canvas and focus on learning a particular skill or technique based on the subject matter. All skill levels are welcome.
